Today our journey begins at the Waco Mammoth National Monument. This National Monument became a part of the National Park System in 2015 when President Obama signed an executive order establishing Waco Mammoth National Monument. Fossils of 24 Columbian mammoths and other mammals from the Pleistocene Epoch have been uncovered. We will tour the dig site where you will be able to see these fossils. Following lunch a tour guide joins us on our visit to Homestead Craft Village. The Barn at the village is filled with hundreds of one-of-a-kind handcrafted items: soaps, hand-turned wooden bowls, tables, rocking chairs, bed frames, hand-quilted quilts, children's books, how-to books, and much more. This restored antique barn houses the work of the community's craftsmen. Our tour will take us to several buildings in the village where you will see artisan's demonstrations. After our tour we will enjoy a delicious and fresh home cooked dinner at the Homestead Café.
